

Home Alone Program

For Ages 10 - 14

Child learns how
to be safe and
responsible

The home alone course specializes in helping children identify what responsibilities they have while being home alone, understanding the basics of First Aid procedures and demonstrate what to do in case of an emergency, plus how and when to call 911. the course is aimed at children 10 -14 years of age who are at home for a short period of time without adult supervision.

December 30, 2019 (No School)
