

January 2020 Principal Blog

I want to take this opportunity to thank you for your continued support in educating our children. We have all worked very hard the past four months, focusing our efforts on ensuring student learning within a vibrant, Islamic environment. Our students are progressing in their studies and your perseverance in checking and signing agendas, checking See Saw messages, ensuring that homework is completed, having your children come to school every day on time, and working together with your child's teachers is invaluable to us. It is the process of working together as a team which enables our children to excel in their studies.

High School students have begun their final exams on January 20th. Both high school and elementary students will be receiving report cards at the end of January. High School students will receive their first semester final marks on January 29th and Elementary will receive their Term 1 report cards on January 31st. We hope all our students continue to work hard in ensuring their report card marks reflect the dedication and commitment to learning in all subjects.

It is the process of working together as a team which enables our children to excel in their studies.

Thank you!
